§ 73.3533 Application for construction permit or modification of construction permit.

(a) Application for construction permit, or modification of a construction permit, for a new facility or change in an existing facility is to be made on the following forms:

(1) FCC Form 301, "Application for Authority to Construct or Make Changes in an Existing Commercial Broadcast Station."

(2) FCC Form 309, "Application for Authority to Construct or Make Changes in an Existing International or Experimental Broadcast Stations."

(3) FCC Form 313, "Application for Authorization in the Auxiliary Broadcast Services."

(4) FCC Form 330, "Application for Authorization to Construct New or Make Changes in an Instructional Television Fixed and/or Response Station(s), or to Assign to Transfer Such Station(s)."

(5) FCC Form 340, "Application for Authority to Construct or Make Changes in a Noncommercial Educational Broadcast Station."

(6) FCC Form 346, "Application for Authority to Construct or Make Changes in a Low Power TV, TV Translator or TV Booster Station."

(7) FCC Form 349, "Application for Authority to Construct or Make Changes in an FM Translator or FM Booster Station."

(b) The filing of an application for modification of construction permit does not extend the expiration date of the construction permit. Extension of the expiration date must be applied for on FCC Form 307, in accordance with the provisions of § 73.3534.

(c) In each application referred to in paragraph (a) of this section, the applicant will provide the Antenna Structure Registration Number (FCC Form 854R) of the antenna structure upon which it will locate its proposed antenna. In the event the antenna structure does not already have a Registration Number, either the antenna structure owner shall file FCC Form 854 ("Application for Antenna Structure Registration") in accordance with part 17 of this chapter or the applicant shall provide a detailed explanation why registration and clearance of the antenna structure is not necessary.

§ 73.3534 Period of construction for Instructional TV Fixed station construction permit and requests for extension thereof.

(a) Each original construction permit for the construction of a new Instructional TV Fixed station, or to make changes in such existing stations, shall specify a period of 18 months from the date of issuance of the original construction permit within which construction shall be completed and application for license filed.

(b) Requests for extension of time within which to construct an Instructional TV Fixed station shall be filed at least 30 days prior to the expiration date of the construction permit if the facts supporting such request for extension are known to the applicant in time to permit such filing. In other cases, a request will be accepted upon a showing satisfactory to the FCC of sufficient reasons for filing within less than 30 days prior to the expiration date.

(c) Requests for extension of time to construct Instructional TV Fixed stations will be granted upon a specific and detailed narrative showing that the failure to complete construction was due to causes not under the control of the permittee, or upon a specific and detailed showing of other sufficient justification for an extension.

(d) If a request for extension of time within which to construct an Instructional TV Fixed station is approved, such an extension will be limited to a period of no more than 6 months.

(e) A construction permit for an Instructional TV Fixed station shall be declared forfeited if the station is not ready for operation within the time specified therein or within such further time as the FCC may have allowed for completion, and a notation of the forfeiture of any construction permit under this provision will be placed in the records of the FCC as of the expiration date.

[62 FR 51063, Sept. 30, 1997]

§ 73.3538 Application to make changes in an existing station.

Where prior authority is required from the FCC to make changes in an existing station, the following procedures shall be used to request that authority:

(a) An application for construction permit using the forms listed in § 73.3533 must be filed for authority to:

(1) Make any of the changes listed in § 73.1690(b).

(2) Change the hours of operation of an AM station, where the hours of operation are specified on the license or permit.

(3) Install a transmitter which has not been approved (type accepted) by the FCC for use by licensed broadcast stations.

(4) Any change in the location, height, or directional radiating characteristics of the antenna or antenna system.

(b) An informal application filed in accordance with § 73.3511 is to be used to obtain authority to make the following changes in the station authorization:

(1) To specify a new AM station directional antenna field monitoring point as a substitute for one that is no longer suitable or available, such as due to construction. The request is to include sufficient measurement data taken at the new monitoring point to establish its reliability in comparison with data taken at the old monitoring point on the same radial, the routing directions to the new point, a location photograph, and such other information as the FCC may request.
